標題: **your attention**

Dear All:

Since Peiling Hsu is a part-time RA in charge of our data base, we still have funds for another computer expert. So I have managed to find another one by the name of Luo Chiapeng.

Chiapeng is a doctoral student at Graduate Institute of Taiwan Language and Language Teaching, National Hsinchu University of Education. He has rich experiences dealing with computerization of data, in particular word segmentation, etc. So he will play a role complementary to Peiling's. Starting April he will work part-time for our project. Here is his email address:

luo@cyu.edu.tw

Please feel free to contact him should you need any help from him. Best, Chinfa
